1. General Background

The United Nations Refugee Agency (UNHCR) is the world's leading not-for-profit organization in helping and protecting the millions of people forced to flee their homes because of violence, conflict, and persecution. We deliver life-saving assistance, including shelter, food and water while also safeguarding fundamental human rights, safety, and dignity.

Our Canadian office is part of a global network that works in 135 countries, protecting over 80 million people. We were founded in 1950 as part of the United Nations effort to help people displaced by World War II. Since then we have been on the ground helping over 80 million people forced to leave their homes and have even received two Nobel Prizes for our work.

We are passionate about the people we help—and the amazing team of people who work for us. We thrive on excellence, integrity, and respect for diversity. Our culture is dynamic, results-oriented and focused on change, ready to tackle the latest global humanitarian crisis. You will be part of a newly growing team that—due to a significant revitalization process—is set for transformational growth.
